

Grey Lynn Community Centre Holiday Programme

510 Richmond Rd, Grey Lynn, ph 378 4908, glccentre@xtra.co.nz

SUN SAFETY POLICY

HATS

Parents/caregivers are required to provide a hat for their child/children and they will be required to wear it at all times when they are outside.

SUNSCREEN

Parents/caregivers are required to supply their child/children with a bottle of sunscreen. It is the responsibility of parents/caregivers to ensure that children arrive at the centre each morning with sunscreen already applied as the first staff supervised reapplication of sunscreen will not occur until morning tea break.

Older children are encouraged to reapply their own sunscreen at regular intervals.

CLOTHING

Parents/caregivers are advised to provide suitable sun-coverage clothing for their child/children each day such as swim tops, t-shirts with sleeves etc. No singlet tops please.

STAFF

Staff will act as role models by staying covered up and wearing hats.

Staff will follow recommendations of the Cancer Society to protect children from harmful UV rays of the sun.

I have read the above policy and agree to follow all of the parent/caregiver responsibilities.

I will explain to my child/children that they are to cooperate and act responsibly with centre staff when instructed to protect themselves from the harmful rays of the sun whilst outside.
